

## Additional information for School of Rock multiple events from June 1<sup>st</sup> to June 2<sup>nd</sup>

Revision V3 Wednesday, April 24, 2024

There are two separate roster of events which are completely different for each day. Tickets are valid for only the one day and permit egress to all the events that day. Those purchasing tickets should be careful to check the performance line up and select the day(s) for those show(s) which they wish to see. The audience will be seated for the show and all parents and guests will require a ticket with an assigned seat for that day (toddlers may sit on a parents lap and do not require a ticket). Only the students performing in the show on that day do not require a ticket – there will be a specific reserved area for performers (left balcony).
